Jan 1901 a condemnation suit was filed in Probate Court to acquire 6.94 a for a traction line (now the C + O. E.) from the owners of a 413.27 a tract. See in probate court. After searching our records & can not find where any acreage was ever transfered out of this tract from condemnation proceedings in this suit there was a reversion clause which put this 6.94 a back into the names of the owners - their heirs or assigns when it ceased to be used as a R.R. Under this date 10-28-46 an order of Common Pleas court case # 40205 quieting title + putting title now in the names of Ralph M. Dillard et al ½ int ea However since no acreage was ever transfered out the acreage of 413.27 remains the same. In 1942 William E. Dillard gave a deed to James O. Dillard for 1.23 which was partly out of the 6.94 a which by C & E Dr on our 1942 map was transfered to the State of Ohio.
